# SPONSORSHIP

PLANTING FOR
YOUR FUTURE

**HELPING NATURE THRIVE** 

TREE PLANTING WORLDWIDE

GET YOUR FRIENDS INVOLVED

## CREATING A GREENER AND MORE SUSTAINABLE FUTURE FOR CHILDREN WORLDWIDE

At Gift a Tree, we are on a mission to provide our children with a brighter, healthier world for generations to come. We believe that every small step we take today can lead to a more beautiful and sustainable tomorrow.

For every pound donated, we will plant four fruit trees, enriching the environment and transforming the lives of local people living in the stunning Usambara mountains of Tanzania. Our initiative extends beyond reforestation; it's about empowering local communities, farmers and children, with the knowledge to restore and preserve their natural surroundings.

Your contribution will help us to create a thriving ecosystem that benefits both nature and reduces CO2. Together, we can teach valuable lessons in environmental stewardship and provide resources for the communities to build a brighter and more sustainable future.

Thank you for being a part of our vision for a more beautiful and sustainable world. Your support matters, and it will make a significant difference.

#### **SCHOOL / ORGANISATION CERTIFICATION**

And here's the exciting part: each school that donates will receive a certificate showing how many trees they were responsible for planting. You'll also have the chance to appear on our leader board on our website, showcasing your school's commitment to creating a better world.

#### **PROJECT DETAILS**

#### **HOW YOUR TREES HELP**

WILDLIFE HABITAT

New trees restores forests
and helps nature thrive

EDUCATING CHILDREN

We educate children about the importance of trees

HELPING FARMERS

Farmers planting our fruit trees so they can sell the produce

**REDUCING CO2**Your trees fight CO2 and foster a healthier planet

Your efforts reward people and boost the local economy

OUR NURSERY
Filled with millions of trees ready to plant

Your trees will help to reverse deforestation in Tanzania

**ENDS DEFORESTATION** 

A POSITIVE FUTURE

Trees planted today ensure generations can enjoy them
