# Corporate Tree Planting Partnership

JULY 2023

---

# Committed To Sustainability

Gift a Tree works with charities, NGOs, foundations and trusts to provide a one-stop-shop to facilitate tree planting worldwide.

Through working together our goal is to help reverse the alarming rate of deforestation and climate change.

By planting trees your investment helps to reduce CO<sub>2</sub>, restore the natural environment and encourage wildlife to thrive.

## ✦ PARTNER WITH US

Gift a Tree works with you to formulate an automated policy so you can put an initiative in place to work seamlessly in the background.

## ✦ TRANSPARENCY

All of our plantation sites are mapped so you and your customers can zoom in without having to travel to see your contributions literally grow.

## ✦ ETHICS

Through planting in 34 countries we ensure that local people are employed. This approach helps the local economy and educates the importance of conservation and biodiversity

# Benefits to You

When you invest in a corporate tree planting plan there are several benefits which, in the long term, will lead to an abundance of new business!

## MORAL AWARENESS

Nowadays customers want to know about the green credentials of their suppliers and will more likely choose a business that shows a clear commitment to the future of our planet

## FUTURE CUSTOMERS

The younger generation of today are your customers of the future. They are aware of the importance of doing business companies with green policies in place.

## USE OUR LOGO

All businesses that become corporate sponsors can use our logo to be instantly recognised as a responsible company that cares about the environment and sustainability

You'll be in
